

ALLIED MOTION – www.alliedmotion.com – offers Precision, Sub-Fractional Horsepower Motors, Industrial & Brushless DC Motors, Industrial & Brushless Gearmotors, Military & Aerospace AC/DC Motors, Military & Aerospace AC/DC Gearmotors, AC & DC Tube Axial Blowers, AC & DC Vane Axial Blowers, AC & DC Commercial Cooling Fans, Coil Winding Services, and Custom Motors & Devices.

AMBRELL – www.ambrell.com – offers induction heating solutions for almost any application. EASYHEAT Induction Heating Systems from 1kW to 10kW, EKOHEAT induction heating equipment from 10kW to 1000 kW, EASYHEAT & EKOHEAT Workheads, Water-to-Air Cooling Systems, Water-to-Water Cooling Systems, Air Cooled Chillers, EASYCOIL Induction Coils, Induction Heating Software, Equipment Trade In Programs and Equipment Rentals available.

BUD INDUSTRIES – www.budind.com – offers IP67, NEMA/IP Rated Boxes, Fiberglass, Plastic & Steel NEMA/IP Boxes, Equipment Racks & Cabinets, Relay Racks & Server Racks, General use Enclosures for Electronics, Die-Cast Aluminum, Extruded Aluminum NEMA/IP Boxes, Custom & Modified Boxes, Racks & Enclosures, CAD Files, Enclosure Designs & Moldings, Screen Printing & Laser Etching. More than 90% available for same day shipments.

CINCON – www.cincon.com – offers DC/DC converters from 1W to 600W, single and multiple output AC adapters from 5W to 150W, external AC-DC power supplies from 5W to 220W, internal AC/DC power supplies from 5W to 1600W, and LED drivers and dimmers. All Cincon products are UL Listed or recognized, TUV approved and carry the CE mark.

CUSTOM POWER – www.custompower.com – offers Custom Ni-Cad & Nickel Metal Hydride Batteries, Primary Lithium, SLA & Alkaline Batteries, Carbon Zinc/Zinc Chloride Batteries, Off-The-Shelf Batteries, Specializes in Custom Lithium Ion Polymers & Phosphates, Silver Oxide Batteries, Zinc-Air Batteries, Design & Assembly of Custom Battery Packs & Charging Stations, and ITAR & ISO 9001 Registered.

DYNA-GRAPHICS – www.dyna-graphics.com – offers K-Motion, Environmentally Sealed and Tactile-Free Membrane Switches, Silicone Rubber & Conductive Rubber Keypads, ITO Analog Resistive Touch Screens with 4, 5 or 8 wire film-to-glass construction, PCB Keyboard Assemblies, Control Panel and Touch Screen Graphic Overlays.

EAO – www.eao.com – offers Oil & Watertight Switches, Emergency Stop Switches, Lever & Selector Switches, Potentiometers, Buzzers, Flashers & Indicators, Interlocking Switches, Miniature Tactile Switches, Illuminated Pushbutton Switches, Custom Built HMI Control Panels, and Touch Sensitive & Mechanical Keyboards.

HANTRONIX – www.hantronix.com – offers TFT Displays with high contrast and high bright optical characteristics with and without touch panels (QVGA to XGA), character module displays, custom glass LCD panels, passive matrix OLED Modules with high color saturation and high contrast, passive matrix STN, FSTN, and CSTN graphic displays with a broad spectrum of color combinations, backlights and industrial specified reflective, transmissive and transflective polarizers.

INTERPOWER – www.interpower.com – offers North American & International Power Cords, Plugs, Sockets & Connectors, High Power Pin & Sleeve Devices, North American & International Cables, Strain Reliefs & Terminal Blocks, Power Entry Modules, Switches, Circuit Breakers, Voltage Selectors, Fuses, Fuseholders & Socket Strips, Over 4 million components in stock in Iowa facility, Same day shipments if ordered by 6 PM CST.

MICROTECHNOLOGIES – www.mic-tec.com – offers Pressure to Voltage Transducers, Miniature Sensors, Low Pressure Modular Sensors, Filter Indicators, Solid Sensor Modules, Low Pressure Snap Action Switches, Air Proving Switches, Low Pressure Momentary Switches, Micro Pneumatic Switching & Sensing, Warm Air/Water Heating Switches and much more.

ORBEL – www.orbel.com – offers EMI/RFI Shielding, Board Level Shielding, Beryllium Copper Finger Stock Gaskets, Metalized Fabric Gaskets, Photo-Etched Precision Metal Parts, Precision Metal Stamping, Electroplated Metal Foils, Reel to Reel Plating, Battery Tabs, Contacts & Contact Rings, Circuit Board Stiffeners & Busbars, ISO 9001-2008, AS 9001-C & RoHS Certifications, ITAR Registration 2016.

OTTO – www.ottoexcellence.com – offers Control Switches, Grips & Joysticks, Front and Rear Sealed Switches, Pushbutton & Rocker Switches, Rotary & Toggle Switches, Hall Effect, Pendant & Limit Switches, Transducer, Special Purpose & Custom Switches, Proportional Output Thumbwheels, Military Flight Control Grips, Hall Effect & Industrial Joysticks & Hall Effect Foot Pedals.

PIC – www.pic-design.com – offers Bearings, Clutches, Brakes, Couplings, Joints, Collars & Clamps, Educational Kits & Precision Tools, Gears & Gear Assemblies, Housings/Hangers, Lead Screws, Linear Motion System Components, Linear Slides & Stages, Precision Balls, Hardware & Shafts, Shaft Extensions, Spacers, Threaded Rods, Timing Belts & Pulleys and Lead Screws & Nuts.

VIDEOLOGY – www.videologyinc.com – offers Board Level, Zoom Block, Photo ID, Box and EOL Legacy Cameras including SCAiLX Zoom Blocks with AI on the Edge. They offer Megapixel, Boardmount, Pinhole and C&CS Lenses. Software offering includes Viewers & Drivers, I2C Control, TWAIN Data Source, IP Utility Manager, Linux Drivers, VISCA Controller and MJPEG Codec.

VIEW-THRU TECHNOLOGIES – www.viewthru.net – offers EMI/RFI Printed Copper Mesh Shielding, Blackened Copper Mesh Shielding, Plated & Blackened Stainless Steel Wire Mesh, Transparent Conductive Coatings, Anti-Glare and Anti-Reflection Optical Enhancement Coatings, Contrast Enhancement Optical Filters, Protective Screens, Touch Screen Enhancement & Heaters, Night Vision Imaging Systems Filters, Anti-Fog Coatings, Screenprinting, Gaskets & Adhesives.
